

CEO's Secret Lover Chapter 61 To 65

Chapter 61 - Cutting the grass by its roots

"Miss, are you awake?" Sister He walked over from the side and handed the fruit juice over to Luo Qing Yun.

Luo Qing Yun accepted the juice, took a sip, and walked over to Su Chen Hao's side, "Why didn't you go to the company?"

Su Chen Hao looked up and glanced at the little girl before him. He moved the notebook that was originally on his lap to the side and pulled her into his embrace.

"How was last night?" he asked.

It was very bad, but Luo Qing Yun didn't want him to worry about it, so she only nodded lightly. "I can ..."

"But it's still okay?" As Su Chen Hao said that, his long fingers gently lifted the first button on the chest of her nightgown, revealing her beautiful collarbone.

Luo Qing Yun's body became hot from his actions, her face flushed red from embarrassment, her small hands anxiously grabbed onto his big, restless hands, "Don't be like this, Sister He is watching us."

"I'm asking you a question. Answer me." He didn't care if Sister He was there or not, he just directly moved next to her crystal earlobe, and the scorching heat hit her ear, causing her breathing and heartbeat to accelerate.

"Answer what?" Luo Qing Yun felt that she was too hot-headed to think about it properly, or even talk to him properly.

"Who is that man?" Finally, he stopped what he was doing and leaned his body against the back of the sofa, creating some distance between them.

Man?

Luo Qing Yun was startled, then suddenly reacted, "Did you see your skirt being torn, and that suit coat of yours?"

Su Chen Hao looked at her. He didn't have much of an expression on his face, as if he was waiting for her explanation.

"What if I told you that I met a bad person and was almost ..." "Would you believe it?" She hesitated, her eyes never leaving his face, hoping to read his trust in her from his expression.

Su Chen Hao did not expect the situation to turn out like this, his expression quickly became cold, his voice became emotionless, and he ordered: "Tell me the whole story clearly."

Fortunately, he trusted her!

Luo Qing Yun let out a long sigh of relief, thought for a while and revealed the entire matter.

After Su Chen Hao finished listening to her story, his originally expressionless face instantly became as cold as ice.

Luo Qing Yun was afraid that he would be angry, so she continued to explain, "I didn't intentionally hide it from you, I just didn't want you to be bothered by my matters. Furthermore, they couldn't do anything to me, so I didn't bother to care about it."

"You're quite generous." Su Chen Hao sneered, the value of this little girl was not in line with his. She needed to be adjusted and taught well.

"Ugh ..."

"If no one comes to save you, do you understand the consequences?" he asked, his expression serious.

"Isn't it because someone came?" It wasn't that she really didn't care, but it was just that there weren't any serious consequences, so she didn't bother to care about it.

"Luo Qing Yun!" He looked at her face, her tone serious. "You're not always so lucky!"

She must understand this principle.

Looking at his deep eyes, Luo Qing Yun suddenly felt a kind of warmth in his heart.

She understood that the reason he had said so much to her was because he cared about her and feared that she would be hurt.

She hadn't experienced this kind of feeling of being remembered, piqued, and worried for a very long time.

If he didn't meet her, it would be hard to treat her like this in this life.

"I'm sorry, I was wrong. I will be more careful in the future and not fall into another's trap." She raised her hand and swore.

"Not enough." It was too tiring to guard against him like this, so this wasn't Su Chen Hao's strategy for facing off against the enemy.

"Ah?" "Then what else can we do?" Luo Qing Yun's mind was in a mess, she had no experience fighting others.

"Cut the grass at its roots." Su Chen Hao spat out these three words indifferently. Then, he picked up the phone on the tea table and started to make calls.

Luo Qing Yun sat on his lap as the words "cut the grass off its roots" echoed in her mind.

He didn't know why, but he felt a sense of awe in his heart.

At the same time, he was secretly glad that she was his woman and not his enemy.

Jiang Residence.

The day after the wedding, at noon.

Just as Jiang Zhi Xin woke up, she came down from her bed and prepared to eat lunch at the cafeteria. However she found Xie Yue E sitting on the sofa in the living room, drinking tea leisurely and waiting for lunch.

"Why are you here? Didn't I say before that you're not allowed to come to the main building? " Jiang Zhi Xin said as she walked to Xie Yue E's side and stared at her with an arrogant expression.

Xie Yue E was already used to Jiang Zhi Xin's attitude towards him, and was not angry, she only turned her head around and ignored her.

Her reaction made Jiang Zhi Xin even angrier, her voice increased by a few decibels, "Xie, are you deaf? I'm talking to you. Who told you to come here? "

"Aiyo, are you talking to me? I was wondering which family's uneducated wild lass was shouting so loudly. It turns out to be our own big miss. " Xie Yue E

finally turned her head to look at her with an extremely exaggerated expression.

"Who did you say didn't have a home tutor?" Jiang Zhi Xin did not expect Xie Yue E to dare speak to him like that, and immediately became angry.

"Who doesn't have a home tutor? How can you speak to your elders like that?"

"Elder? You think you are worthy of it? You shameless brat. "Scram, scram out of my house, scram right now ..." Jiang Zhi Xin said and was about to push her out.

"What are you arguing about? It's noon, so noisy, so annoying. " Outside the door, Jiang De Yue walked in with large strides. His expression was gloomy and his face was filled with impatience.

"Dad, this damn woman ran over to the main house without my permission and even insulted me for not having a home tutor. Hurry up and divorce her and chase her out." When Jiang Zhi Xin saw his father, she immediately took a few steps forward as she thought that Jiang Zhi Xin was there to rely on him, and complained.

www.onlinefreenovels.com

However, Xie Yue E didn't mind at all. She just sat on the sofa and continued drinking her tea.

"Throw her out? I think the one who should be kicked out is you, you wastrel. Do you know how much trouble you've caused me this time?" Jiang De Yue opened his mouth to curse.

Jiang Zhi Xin had never been scolded in such a way before, hence she had a face full of grievance. She was so angry that his face turned green, "Dad, what did you say? How did I lose? What did I do?"

"Oh, Zhixin, do you think you're being careless? Don't you know that your father has been begging for help these past two days to resolve the offending Su Family for you, and he still hasn't had a good rest?" Xie Yue E added insult to injury at the side.

When she was done, she added, "Oh, yes, I forgot. You've been having parties with your friends for the past two days, so why would you care about your father?"

"Shut up! Where is your place to talk?" Jiang Zhi Xin glared fiercely at Xie Yue E and said, "Speaking of which, isn't it because of that shameless daughter of yours? If it wasn't for her, how would I have offended Su Qi Ze?"

Chapter 62

Invite her out

"Shut up, you unfilial girl. Do you know whether you're dead or alive? " Jiang De Yue stopped his daughter and turned to look at Xie Yue E, "Yue Er, look at us husband and wife for so many years. You can't possibly just watch us die, right? "How about this, help me beg Qingyun for mercy and have Su Family let us go this time. I promise that I will never mention the matter of divorce again, okay?"

Online FREE Novels

"Jiang De Yue, do you think I'm afraid that you'll divorce me now? My family's Qingyun is currently the girlfriend of the second young master of Su Family. If I can marry into the Su Family in the future, I will be Su Qi Ze's mother-in-law. Xie Yue E raised her head, her attitude arrogant.

Jiang Zhi Xin heard and laughed coldly, "Married to the Su Family? It was simply a dream, what kind of family was Su Family? Would she allow a wild lass who has no standing, no standing, to enter the academy? "

These words made Xie Yue E feel weak in her heart. After being in the rich world for so long, she more or less understood the principle of being the right person to be a family, so she understood clearly in her heart that Jiang Zhi Xin's words were not unreasonable.

But even so, she didn't want to show her cowardice in front of Jiang Zhi Xin.

After so many years, she finally found a sense of existence in this house that could suppress Jiang Zhi Xin's arrogance. She could not let go of this chance.

She smiled and said, "What you should be worried about now is not whether we, Qingyun, can marry into Su Family, but because you have offended our Qingyun, Su Family is not willing to let you off."

"Yue Er, have you thought about it carefully? Are you really unwilling to help us overcome this obstacle?" Jiang Family really falling would not benefit you at all. " At this time, Jiang De Yue still placed all his hopes on Xie Yue E. On the Su Family, he had no other choice, he couldn't even meet Su Qi Ze face to face.

"If you want me to help you find Qingyun, it's not impossible." How about this, I don't have a high requirement. I don't want to care about what happens in your company, nor do I care about it. However, in the future, everything in this family will be decided by me. Can you agree to that? " Xie Yue E found the chance to announce her mistress's position.

"You shameless woman, stop dreaming, I won't agree." Jiang Zhi Xin rejected him without even thinking.

"You shut up." However, Jiang De Yue understood that in his current situation, he could not refuse. He scolded his daughter and turned to look at Xie Yue E with a fawning face, "Yue'er, I promise you. From today onwards, you can do whatever you want with your family.

"Alright, then send off that little vixen you raised outside." Xie Yue E began to exercise her authority.

"This... "How can there be a fox spirit outside ..." Jiang De Yue flushed red, his face full of uneasiness.

Xie Yue E sneered, "Don't take me for a fool. When we were just married, you treated me so well. "In the past two years, you have caused all sorts of trouble for me, even forcing me to live in the secondary building. If you were to divorce me, isn't there someone outside? How could you change like this?"

"I ..." Jiang De Yue didn't know how to explain it.

Hearing this, Jiang Zhi Xin looked at his father in disbelief, "Dad, is what she said true? You have other fox spirits outside? "

"No" None... "That would be playing on the spot ..." Jiang De Yue said casually.

However, Jiang Zhi Xin looked at him with disappointment, "I thought that since you are willing to divorce this woman, you have thought it through and are preparing to remarry your mother. I never thought that you are just someone who likes new things and hates old things, how can you be like this?"

"Do you know who your father is now? Let me tell you, if it weren't for me, there would have been other women. Your father divorced your mother, not because of me at all. You hate the wrong person. " Xie Yue E seized the opportunity to "wash away" her grievances.

Only, Jiang Zhi Xin didn't buy it, she glared fiercely at the two people in front of her, "You two are not good people!"

Just like the Jiang Family, the Zhou Family was in a dire situation.

Ever since the Royal Group began to take care of all the projects in the Jiang Clan Estate, many of the buildings that the two families were working on started to run into various problems. They were surrounded and blocked by the media, and the initial plans to go public were also put on hold indefinitely.

In the study room of the Zhou household, Zhou Yi was called upstairs by his father and scolded ruthlessly.

"I don't care, if you don't handle this matter well, I will forget about your marriage with Jiang Family. This time, the one who offended you was Jiang Family, our Zhou Family was only implicated, if your marriage contract is cancelled, Su Family will not make things difficult for us. " Zhou Huaijun had already made up her mind that she would cut off all ties.

Although the Jiang Clan was a good partner, being targeted by the Su Family meant that they had completely lost their value. In the worst-case scenario, the entire Jiang Clan could disappear from the Y City in no time, and he didn't dare take the risk to compensate his own company.

"Dad, how can you do this? "Zhixin and I are already engaged. How can we just cancel it?" Zhou Yi was extremely dissatisfied with his father's actions.

From his point of view, what the Su Family had done to the Jiang Family was just Luo Qing Yun trying to interfere in their plans to break up their engagement.

"So what if we're engaged? I didn't know that she, Jiang Zhi Xin, would be so stupid as to offend the people of Su Family. If you don't want to cancel the engagement with her, do you want to see our Zhou Family being dragged to death by her Jiang Family? " When it came to Jiang Zhi Xin, Zhou Huai Bing was extremely angry.

Back then when they started dating, why didn't he notice that this girl had no brains at all?

If such a daughter-in-law really entered the gates of the Zhou family, she might cause some trouble in the future. It would be better to shake her off as soon as possible.

"You don't have to worry, I will take care of whatever Zhixin has caused. Don't say anything more about cancelling the wedding in the future. " Zhou Yi said, he abandoned his angry father, turned and left the study room.

Zhou Huai Jun looked at the back of his son, his weathered face was filled with scheming.

After experiencing the shock of the Jiang manor's engagement banquet, Luo Qing Yun finally managed to calm her heart with much difficulty. After throwing everything to the back of her mind, He Mei Xin called her and invited her out for dinner.

Having been cooped up at home all day, she just so happened to want to go out and relax, so she agreed.

When Luo Qing Yun arrived at the promised location, she found out that it was a 5-star hotel's Chinese cafeteria.

Under the guidance of the waiter, she entered the private box, but didn't see He Mei Xin's figure at all.

He took out his phone and was about to call her to ask where she was. Behind him, the private box's door was pushed open from the outside and Zhou Yi appeared behind her.

"Why is it you?" After a moment of shock, Luo Qing Yun seemed to have understood something, "You were the one who asked Mei Xin to ask me out?"

"Yes." Zhou Yi walked to her side, a height of 1.8 meters was enough for him to look down at her from above.

Chapter 63 - Slap

"Sorry, I still have things to do, so I'll be leaving first." She didn't even want to see him, let alone eat alone with him.

The image of this man in her heart had completely collapsed during the engagement banquet.

Lifting her foot, she prepared to leave.

However, his hand was held back. "I have something to say to you."

"But I have nothing to say to you." After breaking free from his grasp, Luo Qing Yun's expression was cold.

"Do you have to be so ugly?" Zhou Yi looked at her with eyes filled with resentment.

"What?" Luo Qing Yun could not understand what he meant.

What did she have to do to make it look so ugly?

From beginning to end, wasn't it him and Jiang Zhi Xin who had done the unsightly thing?

She had deliberately tricked her into going to the engagement banquet, and found two vulgar men to try to rape her, and in the end, even poured dirty water on her. She did not pursue this matter, and now he was questioning her instead.

How ridiculous.

"What do you want to do before you are willing to let go of Jiang Family?" Taking a deep breath, he adjusted his emotions and asked.

Luo Qing Yun was startled for half a second, then suddenly reacted.

"So the reason you asked me out today was to plead for Jiang Zhi Xin." Finally understanding the reason for his visit, Luo Qing Yun's face revealed a mocking smile.

Yes, she should have known.

Could he be trying so hard to ask her out just to apologize for what happened that day?

"Did Zhixin wrongly accuse you from that day?" Zhou Yi asked. In fact, from the bottom of his heart, he was not willing to believe that Luo Qing Yun would sell her body for money.

After all, when they split up, the fee that Luo Qing Yun took away was not a small amount.

Hearing him ask that, for some reason, Luo Qing Yun's nose started to feel sore, and the turbulent emotions that he was trying his best to control were uncontrollably revealed.

Her slightly red eyes were filled with tears as she looked at him, "Do you still believe what I say? When did you really believe me? "

"I ..." Seeing her misty face, for some reason, Zhou Yi's heart softened. He was originally going to say some harsh words, but now he could no longer do so.

Luo Qing Yun laughed bitterly, "You have never believed what your eyes and ears hear; you can believe whatever others say. It used to be like this, but it still is. "

"Is it the truth that you took away the breakup fee my mother gave me?" Of course he would not admit that he was untrustworthy.

"Yes." She nodded.

"Is it true that you went to a nightclub for money?"

"Yes." She did not want to deny what she had done, even if the past was not so glorious.

When Zhou Yi heard her personally admit to these two things, the hatred in his eyes suddenly surged. His expression became extremely terrifying, and

with a wave of his hand, he ruthlessly flung a slap onto the side of Luo Qing's face.

Almost at the same time, He Mei Xin rushed in from outside and shouted loudly, "How is it? What delicious food did you order? "

The moment she clearly saw the scene in front of her, glaring five finger marks appeared on Luo Qing Yun's originally white and clear face, which were so red that blood practically dripped out.

The door was wide open at this moment. Several young men in suits and suits walked past the door. One of them cast a sidelong glance at the box. His handsome face, which originally had a smile on it, instantly turned cold. "Zhixin isn't wrong. You're just a slut who can do anything for money!" In the private box, Zhou Yi did not care about He Mei Xin who barged in, and shouted at Luo Qing Yun while gritting her teeth.

Luo Qing Yun's face was tilted to the side because of his slap, and there was a trace of blood spreading on her mouth. The corner of her mouth seemed to be broken by his slap.

"Zhou Yi, are you fucking a man? You actually dared to hit a woman. " He Mei Xin did not expect Zhou Yi to make a move on her. After being shocked, she immediately became furious and rushed forward to push him away, pulling Luo Qing Yun along as she walked out.

Luo Qing Yun also didn't expect that she would receive that slap on the face. Her entire body seemed to have been covered, like a doll, as she was brought out of the private room by He Mei Xin.

"Qingyun, I'm sorry, it's all my fault. Zhou Yi called me this afternoon and asked me to make an appointment with you. I thought he wanted to make up with you, that's why I agreed to help him trick you out. If I had known he would do this to you, I wouldn't have helped him. " Outside the box, He Mei Xin kept apologizing to him.

Luo Qing Yun followed her and walked a few steps forward when she suddenly saw a familiar figure standing at the entrance of the elevator. Beside him were a few men in suits.

Ding dong. The elevator door opened and one of the man in a suit spoke to the figure, "CEO, the elevator has arrived. Please enter."

The man raised his head slightly and said, "You guys go first."

The group of men in suits felt a little strange, but they did not dare to ask any more questions. One by one, they entered the elevator.

He Mei Xin originally wanted to rush to the elevator, but it was already too late, so she gave up.

"Qingyun, wait for me at the elevator, I'm going to the toilet. I don't know why, but I've had a stomachache these past two days. " He Mei Xin suddenly felt that her stomach was a little uncomfortable. Waiting for the next elevator was too slow, so she could only go to the bathroom.

"Alright." Luo Qing Yun promised and walked towards the elevator door.

He Mei Xin then covered her stomach and went to the toilet.

Walking to the man's side, Luo Qing Yun bowed her head, not daring to look at his face.

"It's him?" he asked, his voice calm and emotionless.

Luo Qing Yun's lips slightly moved, wanting to explain, "My friend invited me here, I didn't know he was here, if I knew ..."

"Does it hurt?" he asked again, interrupting her explanation.

Luo Qing Yun subconsciously raised her hand to cover his injured left cheek, and lightly shook her head, not daring to say that it hurt.

When the man saw this, his lips curled into a cold smile. He stretched out his hand and pinched her red and swollen face with his long fingers.

"Hiss ..." Luo Qing Yun immediately frowned from the pain and took a deep breath.

"Why didn't you fight back?" The man asked coldly after releasing her face.

"Hmm?" She was stunned for a moment, as if guessing what he meant.

"Or are you reluctant to part with it?" When the man said this, his eyes were filled with coldness.

After Luo Qing Yun heard this, her heart tensed up.

Almost without any hesitation, she turned around and strode towards the private box.

Entering the room, Zhou Yi was still inside, while the waiter had been drinking at some point, he had a dejected look on his face as he sat on the chair and poured wine for himself.

Hearing the footsteps of someone entering the private box, he immediately raised his head, and when he realised that the person who entered was Luo Qing Yun who had returned, for some reason, a trace of radiance appeared on his originally gloomy face.

However, this splendor was fleeting.

"What are you doing here?" He glared at her unhappily. Apparently, he had not calmed down yet.

Chapter 64

Without saying a word, Luo Qing Yun walked in front of him, raised his hand, and slapped him. With all his strength, Luo Qing Yun smashed her face which was slightly flushed from drinking.

Hearing only a "pa" sound, Zhou Yi's entire person was stunned. Looking at Luo Qing Yun in front of him, he was as dumbstruck as a wooden chicken.

"Zhou Yi, listen carefully. I have long added interest to the separation fee your mother gave me back then. Yes, with the money I made at the club. I, Luo Qing Yun, do not owe you anything. Please stay away from me in the future. Luo Qing Yun rubbed his numb palm, his cold eyes were like swords that pierced straight to his heart.

With these words, she no longer looked at his face. Instead, she turned around and walked out of the room.

When Zhou Yi came back to his senses, her figure had already disappeared from the door.

Online **FREE** Novels

Luo Qing Yun practically ran straight to the elevator entrance, she wanted to tell Su Chen Hao that she had given him a slap on the face.

She was no longer a pushover.

It was a pity that he was no longer at the entrance of the elevator. Only He Mei Xin, who had just returned from using the toilet, was looking everywhere for her.

"Qingyun, where did you go?" Why didn't I see you when I went to the toilet? " Seeing Luo Qing Yun running over from the front, He Mei Xin grabbed her and asked.

"He went to fight back." There was no longer any grievance in Luo Qing Yun's heart. Although his face was still burning with pain, his mood had improved greatly.

"Fight back? What other hand is there? " He Mei Xin could not understand her words.

"I just returned back to my room and gave Zhou Yi a slap." When Luo Qing Yun said this, her eyes still shone with the light of success in her revenge.

Only now did she realize that revenge was more pleasurable than forgiveness.

No wonder someone once said that it was God's business to forgive him, and my mission was to send him to God.

When the two of them left the hotel, He Mei Xin suggested that they should treat her to a meal.

However, because Luo Qing Yun was worried about him and wanted to find him immediately, Luo Qing Yun tactfully refused her good intentions.

Online FREE Novels

The two of them separated at the hotel entrance. He Mei Xin took a car and went home, while Luo Qing Yun walked to the side of the road and took out her phone, preparing to call Su Chen Hao.

Suddenly, she heard the sound of a car brakes.

She looked up and saw a black Porsche parked in front of her.

Su Chen Hao?

Luo Qing Yun subconsciously thought that it was him, and immediately revealed a happy smile.

The car window slowly lowered, but unexpectedly, a different face appeared in front of her. "Miss Lowe? What a coincidence. "

Luo Qing Yun looked at the other party's face and was stunned for a good half a second before opening her mouth in shock, "It's you."

"You're waiting for someone?" Su Qi Ze looked left and right, and asked.

Luo Qing Yun first nodded, but then she shook her head, "No ... "No."

"Get on the car, I'll take you back." Su Qi Ze said.

However, Luo Qing Yun's expression showed that she was hesitating. She stood where she was, not saying a word.

Seeing her like that, Su Qi Ze pushed the door and got out of the car. He walked around to the side of secondary driving's car and looked at her with a smile, "What's wrong? You want to reject me again? "

"No ..." Luo Qing Yun was afraid that he had misunderstood and quickly waved her hand.

"Then get in the car. Don't worry, I won't eat people." Su Qi Ze said half jokingly as he reached for the car door and opened it.

Unable to find an excuse to decline, Luo Qing Yun could only brace herself and get on the carriage.

Su Qi Ze helped her close the car door, then turned around and got into the Driver to start the car.

Luo Qing Yun sat on top of the secondary driving, and as she looked forward, she was still thinking about Su Chen Hao.

"Miss Lowe." Su Qi Ze saw that she was lost in his thoughts, and gently called out to her.

"Hmm?" Luo Qing Yun, who had recovered from her shock, looked at him blankly.

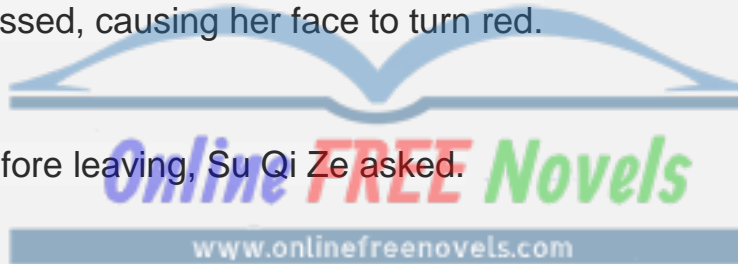

Su Qi Ze sighed, unbuckled the safety belt on his body and leaned towards her.

"What are you going to do?" His sudden approach made Luo Qing Yun instantly tense up.

Su Qi Ze reached out his hands, and pulled out the safety belt behind her body from the right side, then went around her body.

"Why are you so afraid of me? I already said that I don't eat people." Seeing Luo Qing Yun's nervous look, Su Qi Ze once again joked.

Luo Qing Yun realized that she was being overly nervous and couldn't help but be embarrassed, causing her face to turn red.

"Where to?" Before leaving, Su Qi Ze asked.

"Honolulu Park Villa." Luo Qing Yun whispered.

After Su Qi Ze heard the address, his eyebrows rose a little, but he did not say anything. He stepped on the gas pedal and headed towards his destination.

Inside the car, the two of them did not speak. The atmosphere was very quiet, yet it was also a bit awkward.

After all, they were not familiar with each other, and Luo Qing Yun did not have a mature personality, so the atmosphere inside the carriage was a little stuffy.

Realizing this, Su Qi Ze switched on the audio system on the car, and music played from it, covering up the awkwardness between the two of them.

After the carriage passed by, Luo Qing Yun suddenly felt a wave of nausea and she subconsciously covered her mouth, wanting to suppress that feeling.

Su Qi Ze who was driving noticed her change and immediately slowed down, "What happened to you?"

Luo Qing Yun waved at him with a pained expression, "Stop the car please, I feel like vomiting, don't get in your car."

After Su Qi Ze heard this, he immediately stopped the carriage, and helped her out.

After landing, Luo Qing Yun immediately rushed to the side of the road and started vomiting.

Su Qi Ze turned around and went to the car to get some water and a tissue. After she finished vomiting, he handed them over to her, "How was it? Are you better? I'll take you to the hospital. "

"It's much better now. Thank you, but you don't have to go to the hospital. Sorry for troubling you." Luo Qing Yun was really afraid of causing trouble for others. Especially since Su Qi Ze had already saved her before, she did not want to owe him any more favors.

"I remember that you also vomited a lot last time. Are you sure there's no problem? "I have a doctor I know at the hospital who can take you to have an examination. It won't take up too much time." Su Qi Ze was obviously not at ease with her, and advised.

With his reminder, Luo Qing Yun suddenly remembered that this was not the first time he had felt such a nausea.

Sometimes it was accompanied by a feeling of dizziness.

Not going to be... What serious illness did he have?

Seeing her pale face, Su Qi Ze no longer bothered with words and helped her into the carriage, directly bringing her to the hospital.

One hour later.

Luo Qing Yun held up the piece of white paper and black text, and as the results showed clearly, her expression was both surprised and happy.

"You are pregnant for four and a half weeks, so right now your body is in a good condition. Pay attention to rest and ensure your nutrition, there won't be any problems." The doctor said something and the nurse walked her out.

"Should I congratulate you?" Su Qi Ze saw that her face was filled with surprise and was unable to calm down, and laughed.

Chapter 65 - Uninvited Guests

Only now did Luo Qing Yun remember that there was a man beside him, and she immediately felt embarrassed.

"Thank you for bringing me to the hospital."

"You're welcome." Su Qi Ze had a smile on his face as his gaze lingered on her hand, "Forgive me for being presumptuous, but I didn't see you wearing a wedding ring, you ..."

"I have a boyfriend." Luo Qing Yun was afraid that he misunderstood that her child's background was unknown and immediately explained.

However, when he spoke, he felt a bit unsettled for some reason.

Is Su Chen Hao his boyfriend?

They did not seem to have discussed this issue.

"Looks like I have to prepare red packets to drink the wedding wine." Su Qi Ze smiled brilliantly, he paused for a bit, and then moved his head closer to her, "You will send me an invitation, right?"

Until now, Luo Qing Yun had never thought of marrying Su Chen Hao.

Now that she heard Su Qi Ze's words, she couldn't help but start imagining things in her mind.

What would their wedding be like?

Su Chen Hao was such a picky person, he must have made their wedding perfect and grand.

"Give me your phone." Seeing Luo Qing Yun not saying a word, Su Qi Ze started to speak again.

"Huh?" Luo Qing Yun was startled.

Su Qi Ze had already taken the initiative to take the phone from her hand, opened the screen, and handed it over to her, "Unlock."

Luo Qing Yun could only enter her password to unlock the screen.

Su Qi Ze opened his contact list and quickly entered a number. After that, he dialed a number and his own phone rang.

"This is my number. Remember to pick me up for my wedding wine." He returned the phone to her and said.

"Alright." It was rare for him to be so enthusiastic, to have saved her before, and now that he sent her to the hospital, he shared this good news with her at the very first moment.

After returning to the Y City, other than He Mei Xin, past friends did not interact much with him because of her relationship with them.

Su Qi Ze was the second friend that she was willing to make here.

When the two of them came out of the hospital, Su Qi Ze immediately took her back to the villa.

At ten in the evening, when Su Chen Hao returned home, he found Luo Qing Yun sitting cross-legged on the imperial bed in her bedroom, watching TV.

Hearing the sound of the engine downstairs, she immediately jumped off the chaise longue and ran downstairs.

"You're back?" Seeing Su Chen Hao, her face was filled with a happy smile.

Su Chen Hao saw that she was barefooted and was standing at the stairs, wearing a white silk nightgown, his smooth black hair naturally falling onto his shoulders. He had a lazy and relaxed look, the tensed look on his face finally revealed a faint smile.

"Why aren't you asleep yet?" Not even wearing shoes? " His words were reproachful, but his tone was one of pampering.

"I ran too fast." Luo Qing Yun stuck out his tongue somewhat embarrassedly, walked in front of him, extended his hand to grab the jacket he took off, and handed it over to the Sister He at his side.

"I listened to you today and returned that slap." Her tone was like that of an obedient child begging praise from an adult.

"Very good." He smiled, put an arm around her slender waist, and started up the stairs.

After they went upstairs, the two of them went straight back to their bedroom. Once they entered, Su Chen Hao immediately kissed her lips, and then ran his large hand across her back through his nightgown.

"Ugh ..." Wait... "Wait a minute..." Luo Qing Yun was kissed until she almost suffocated, then shouted for her to stop.

He let go of her lips and lowered his deep eyes to look at her. "Wait for what?"

"I have something to say to you." A blush appeared on her face as she slightly raised her eyes, but she did not dare meet his gaze. She only gazed at the straight bridge of his nose.

"Speak." He sat on the edge of the bed, pulled her into his arms, and sat on his lap.

Luo Qing Yun obediently reached out and wrapped her arms around his neck. Just as she was about to speak, she heard Sister He knocking on the door.

"Sir, someone is looking for you."

"Who?" Su Chen Hao frowned slightly, he was obviously displeased to be disturbed.

"It's a young lady. She said her surname was Huo."

Hearing that, Su Chen Hao instantly got up from the bed, and walked towards the door.

Luo Qing Yun did not know what happened and followed along.

Su Chen Hao's speed was extremely fast, and he went downstairs in a short while.

When Luo Qing Yun, who was wearing slippers, caught up to him, she saw that in the living room on the first floor, there was a young girl crying like raindrops in Su Chen Hao's arms.

When Luo Qing Yun saw this scene, she only felt a buzzing sound in her mind. She was stunned in place, and an extremely bad premonition struck him.

The girl cried for a long time before stopping. She raised her hand to wipe away the tears on her face and turned around.

"Big Brother Chen, you have a guest."

Su Chen Hao also noticed Luo Qing Yun's presence, and turned to look at her, "Go upstairs and rest first."

Luo Qing Yun regained her senses, but her heart was filled with unhappiness.

Why had he asked her to go upstairs?

Shouldn't he introduce them to each other?

Su Chen Hao saw that Luo Qing Yun was just standing there blankly without moving, he frowned and instructed Sister He: Sister He, send her up.

Sister He was very perceptive, after hearing the order, she did not dare delay any further, and immediately went up to support Luo Qing Yun.

Luo Qing Yun felt her legs go weak, a stifling feeling pressed down on her heart, making him unable to breathe.

Returning to her bedroom on the second floor, the Sister He saw that she was upset, so she consoled her, "Miss, don't think too much into it, that might be mister's cousin or something like that."

"Is that so?" Luo Qing Yun stared at Sister He, wanting to believe her words.

"Yeah, didn't you hear her calling you big brother?" The Sister He laughed.

Luo Qing Yun lowered her head and silently comforted herself. That's right, it seemed that the girl had called Su Chen Hao big brother.

It should be his little sister.

"Miss, please rest first. I will go downstairs to pour tea for the guests." Sister He comforted Luo Qing Yun and was about to leave.

Seeing that, Luo Qing Yun immediately stopped her, "Wait a moment!"

However, she was still unable to say what she wanted to say.

Sister He understood what she meant, and gave her a comforting look, "I will take note of this for you."

"Thank you." After Luo Qing Yun finished these two words, she lied down.

After the Sister He left, about an hour later, Luo Qing Yun heard the sound of an engine starting downstairs.

Did the girl leave?

Thinking of this possibility, she immediately went downstairs.

The Sister He was preparing to go upstairs.

"Miss, why did you come down?" Seeing Luo Qing Yun, she was slightly surprised.

"Where's Mister?" Luo Qing Yun did not see any trace of Su Chen Hao in the hall and immediately asked.

"Mister, he ..." The Sister He hesitated for a moment, then said, "She probably sent Miss Huo home. It's not safe to let a girl go home alone at night."
